## Full Stack Web Developer

I am a dedicated and efficient full-stack web developer with more than three years of experience in building SaaS applications in agile environments. My experience involves building scalable web applications using Bootstrap, JavaScript, jQuery, and core PHP. I had developed and integrated APIs for mobile applications running on android and IOS. I am able to design database schema and provide the best and most efficient solution to client requirements.

## Education

**2015-2019 – BSc Software Engineering from University of Engineering and Technology Peshawar with CGPA of 3.54/4.**

**2014-2015 –** Studied Additional Mathematics from Federal Board of Intermediate and Secondary Education with A+ Grade.

**2012-2013 –** Completed HSSC from Federal Board of Intermediate and Secondary Education in Pre-Medical with Grade A.

**2011-2012 –** Completed SSC from Federal Board of Intermediate and Secondary Education in Science with Grade A+.

## Skills
